

KIRLOSKAR GREEN DG SETS

GOEL POWER CONTROLS PVT. LTD

Established in 1965, the Goel Group has contributed over 40 years of service to the Industry. Having its Head Office at Mumbai and branch offices at various locations across Maharashtra, Gujarat, Madhya Pradesh, Chhatisgarh & Goa, the Goel Group has expanded multifold to reach closer to each end customer. Being a focused Power Solutions company, we manufacture fully integrated Kirloskar Green Diesel Generating Sets to meet all the current & future needs of our customers.

A recently commissioned state-of-art manufacturing plant at Velugam, Silvassa, ensures that all DG Sets are manufactured as per the best quality standards. The Acoustic Enclosures are manufactured on the most modern CNC machines for consistency in quality and workmanship. A fully automated Powder-Coating plant ensures superior finish and long lasting service life to withstand extreme environments.
